

Release Notes v1.2

General

- Now on Google Play
- Added User Manual (external PDF)
- Older versions are not compatible (internal name changed, considered a new app)

Challenges

- Hard Math: New problem where a system of linear equations is solved

Bug Fixes and Changes

- Division fix in simple math challenge
- Fixed problem with changing alarm name on Android 3.0+
- Location filter translated to Swedish

Known Issues

- RotoSnake does not control properly when device is parallel to ground
- Some minor UI issues in the sort challenge
- AM/PM not shown in app even if it's enabled in device settings
