As an orderly person I want to be able to name my different alarms, in order to remember for what I've used it.		Unfinished from sprint 1			DONE			
	Implement in model			Mazdak	DONE	2013-09-18	Mazdak	
	Have the name shown in the list			Niklas	DONE	2013-09-19	Niklas	
	Change the name from the detailed alarm view			Johan	DONE	2013-09-24	Johan	
	Write test to check name validity (illegal chars/length etc)?			Johan	DONE	2013-09-24	Johan	
	Add mechanism for alarm #1,2,3....			Mazdak	DONE	2013-09-25	Mazdak	
As a sleepy person I want to be able to create alarms in order to wake up.		Unfinished from sprint 1			DONE			
	Add a menu button			Niklas	DONE	2013-09-18	Niklas	
	Fix navigation so that one can go back to the previous activity			Johan	DONE	2013-09-19	Johan	
	Add functionality to choose time in the settings activity			Mazdak, Johan	DONE	2013-09-24	Johan	
	Add functionality to choose a name in the settings activity			Johan	DONE	2013-09-24	Johan	
	Make android alert user on time			Mazdak	DONE	2013-09-26	Mazdak	
As a person with bad memory I want to see when the alarm will ring.	Persist data to drive/something (SQLite via ORMLite?)			Mazdak	DONE	2013-09-25	Mazdak	
		Unfinished from sprint 1 and modified for sprint 2			DONE			
	Implement in model			Johan	DONE	2013-09-16	Johan	
	Show in GUI			Niklas	DONE	2013-09-18	Niklas	
	Documentation			Niklas	DONE	2013-09-18	Niklas, Mazdak	
	Refresh in GUI when change occurs @ MainActivity			Mazdak	DONE	2013-09-21	Mazdak	
As a person that sometimes need to offset alarms from day to day I want to quickly change the time.	Testing			Niklas, Eric	DONE	2013-09-19		
	Refresh in GUI when change occurs @ Detailed view.			Mazdak	DONE	2013-09-23	Mazdak	
		Unfinished from sprint 1			DONE			
	Add a way to change in detailed settings			Johan	DONE	2013-09-24	Johan	
	Add a timedatepicker in MainActivity			Mazdak	DONE	2013-09-21	Mazdak, Niklas	
As a person with varying needs and circumstances, I want to have the option to remove alarms I no longer need to reduce the items I need to manage in my life.		Unfinished from sprint 1			DONE			
	Add option in GUI to remove alarm			Niklas	DONE	2013-09-20	Niklas	
	Bind GUI action with actual removal in model/database			Niklas	DONE	2013-09-20	Niklas, Mazdak	
As a person with bad short term memory I want to see in how much time the alarm will ring.		Unfinished from sprint 1 and modified for sprint 2		6 Mazdak, Eric	DONE	2013-09-19	Mazdak, Eric	
	Implement in model			Mazdak	DONE	2013-09-18	Mazdak, Eric	
	Testing			Mazdak, Eric	DONE	2013-09-18	Mazdak, Eric	
	Display the information in GUI			Mazdak	DONE	2013-09-18	Mazdak	
	Refresh the GUI when a change occurs			Mazdak	DONE	2013-09-19	Mazdak	
	Add switch global options: when / in how much time (diff)				REMOVED (seperate user story)			
As a person with an interest for details, I want to inspect my alarms in a detailed view in order to get a better grasp of them and to change some options.					DONE			

User story	Task(s)	Comment	Time estimate	Assigned to	Status	Completed on	Completed by	Priority
	Create view in XML			Johan	DONE	2013-09-24	Johan	
	Create Activity			Johan	DONE	2013-09-24	Johan	
	Delete an alarm			Johan	DONE	2013-09-25	Johan	
	Change the name by clicking on it in the title bar			Johan	DONE	2013-09-25	Johan	
	Change the properties of the associated Alarm from the UI	All we have currently at least, would be ongoing			DONE, if new fields: that user story			
As a person with bad short term memory I want to change globally if I want to see when the alarm will ring and in how much time.								
		Add to global settings		Johan	DONE	2013-09-27	Johan	
		Implement actual functionality						
		Display in the MainActivity (instead of "Next alarm in x hours y minutes")						
As a person that sleeps deep, I want to complete challenges in order wake up.								
	Add classes and interfaces to define challenge			Niklas	DONE	2013-09-25	Niklas	
	Implement example challenge			-	DONE	2013-09-25	Niklas	
	Create example view in XML			Niklas	DONE	2013-09-26	Danny	
As a person that likes details, I want to see what alarm it is that is ringing and how to stop the alarm								
	Create pre-challenge view in XML			Danny	DONE	2013-09-23	Danny	
	Create a button connected to a challenge			Danny	DONE	2013-09-24	Laszlo, Danny	
	Connect current alarm name							
	Connect current alarm time							
As a person who just needs to wake up, I want to hear a simple ringtone in order to wake up.					DONE			HIGH
	Implement way to play and stop a simple alarm				DONE	2013-09-23	Eric	
	Play the sound when alarms goes off				DONE	2013-09-27	Niklas	
	Stop playing when user completes a challenge				DONE	2013-09-27	Niklas	
As a person who plans ahead, I want to be able to setup the alarm to always go off at a particular time on a particular weekday.		Implicitly developed alongside by necessity.		Mazdak	DONE		Mazdak	
	Store which days an alarm is enabled			Mazdak	DONE		Mazdak	
	Select weekdays for alarm in GUI			Eric	DONE			
As a user who likes doing math I want to complete a math challenge to stop an alarm, in order to ensure me waking up and at the same time enjoy it.					DONE			
	Add classes and interfaces to define math challenge			Laszlo	DONE	2013-09-23	Niklas, Laszlo	
	Implement math challenge			Laszlo, Danny	DONE	2013-09-24	Laszlo, Danny, Johan	
	Create math view in XML			Laszlo, Danny	DONE	2013-09-24	Danny	
	Connect the answer-button with input			Danny	DONE	2013-09-26	Danny, Laszlo	
	Refresh the GUI if fail			Danny, Johan	DONE	2013-09-26	Danny, Johan	
As a human being in general I want to set repeating alarms so I don't have to do unnecessary work.					DONE			
	Add a repeating option in the alarm settings			Johan	DONE	2013-09-25	Johan	

User story	Task(s)	Comment	Time estimate	Assigned to	Status	Completed on	Completed by	Priority
	Use model data in the functionality itself.			Mazdak	DONE	2013-09-26	Mazdak	
As a user who wants to do things quickly I want to copy an alarm entry, in order to get a very similar one with just some feature changed.		Developed in Sprint 1, but was for some reason not added in that backlog		Eric	DONE	?	Eric	
As a person with terrible short-term memory I want to be challenged by a memory problem every morning.				Eric	TODO			
	Figure out how to lay out the memory cards							
	If two cards are matched, remove them							
	once all the cards are gone, the challenge is over.
